2014 HOLIDAYS

The traditional Christmas and year-end Holidays represent the pleasures of family togetherness in joyous moments, and for most of the civilized world, they are a symbol of peace and sharing. The present economic conditions make life difficult for many people including the underprivileged, the children, the aged and the sick.

We continue a tradition, started over 50 years ago, by contributing in the name of our clients to the following organizations:

Backus Children's Hospital
Children's Hospital of Los Angeles
City of Hope
Dana-Farber Cancer Institute
Hathaway Home for Children
Iraq and Afghanistan Veterans of America

Japanese Community Pioneer Service
Memorial Sloan-Kettering Cancer Center
Nat'l Jewish Medical Research Center
St. Jude Children's Research Hospital
St. Vincent Meals on Wheels

We still believe that the future of our Country and the World is in the hands of the young people who seek an education prior to entering their productive lives. We are continuing our funding of **The Francesca Salvo Memorial Scholarship** established in 1990 at Loyola University in Los Angeles (Francesca's Alma Mater). The scholarship provides the tuition for one year for three deserving students seeking careers in international business.

We extend to each of you, your families and staff our very best wishes for a joyful holiday season with hope that the New Year can bring peace and understanding among all nations and better economic conditions for us all.
